Last Updated

February 29, 2024

STEP 1

Kunjungi situs portainer.metrodataacademy,

STEP 2

Masukkan username "pickme-dev"

Welcome back! Please enter your details

Username

pickme-dev

Password

Enter your password

Login

This screenshot shows a login interface with a dark background. At the top, it says "Welcome back! Please enter your details". Below this, there are two input fields: "Username" and "Password". The "Username" field contains the text "pickme-dev" and is highlighted with a red and blue border. The "Password" field is empty and has a placeholder text "Enter your password" with an eye icon. A blue "Login" button is at the bottom.

STEP 3

Masukkan password (PasswordStrong123)

Username

pickme-dev

Password

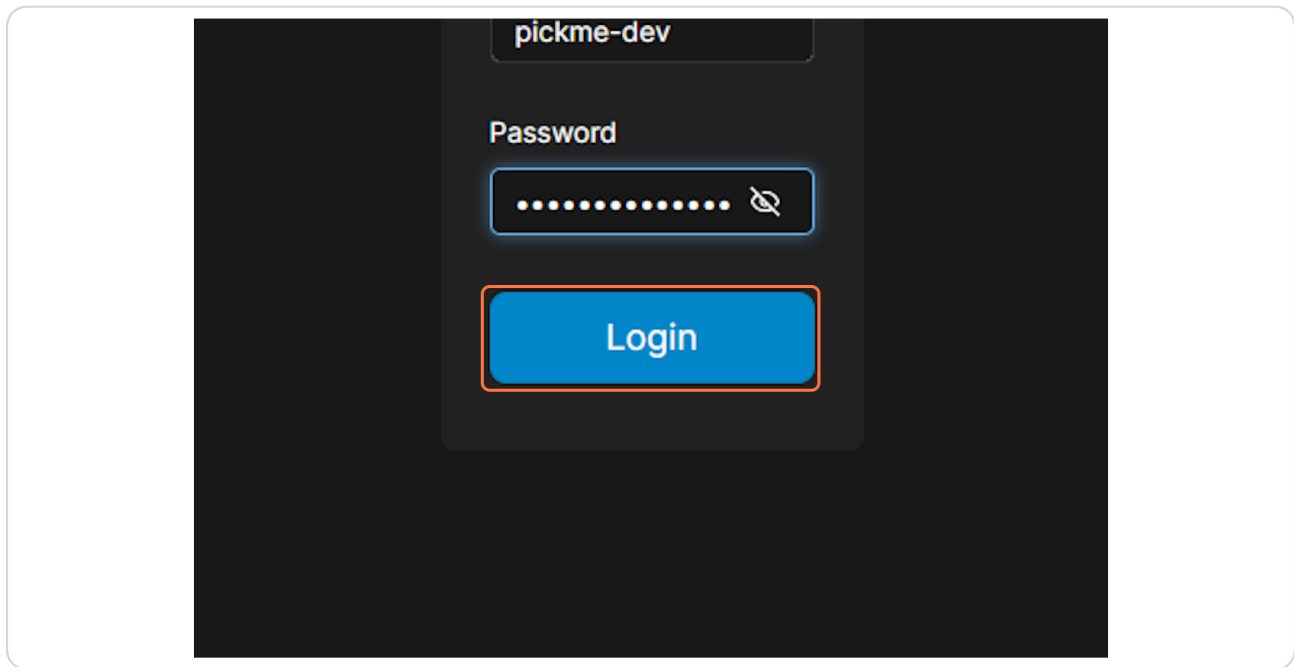

.....

Login

This screenshot shows the same login interface as Step 2. The "Username" field still contains "pickme-dev". The "Password" field now contains a series of dots representing the password "PasswordStrong123" and is highlighted with a red and blue border. The "Login" button remains at the bottom.

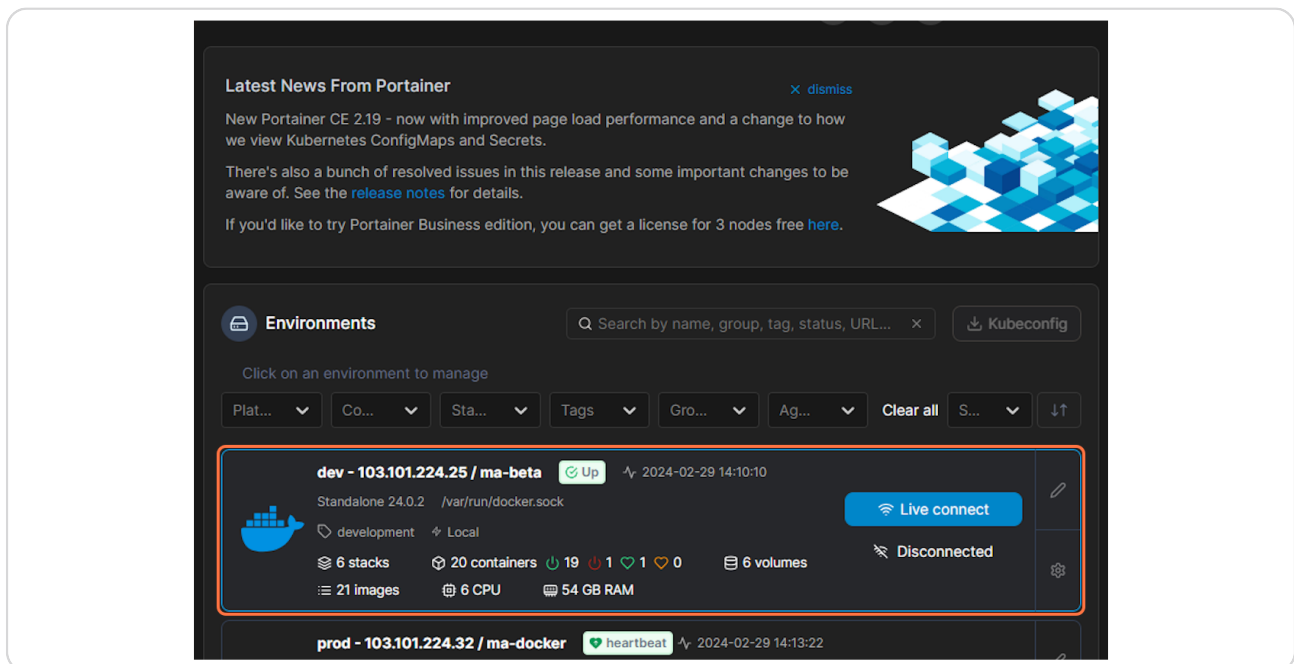

STEP 4

Klik tombol Login

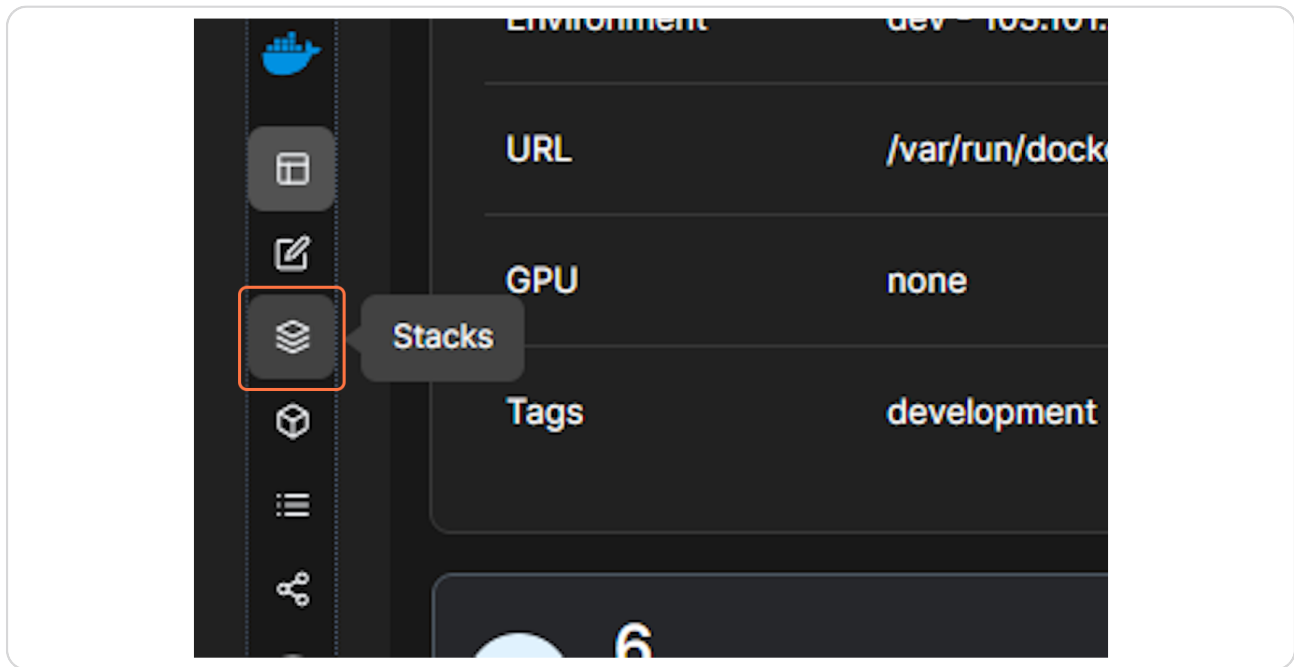

STEP 5

Pilih environments, kali ini pilih yang dev

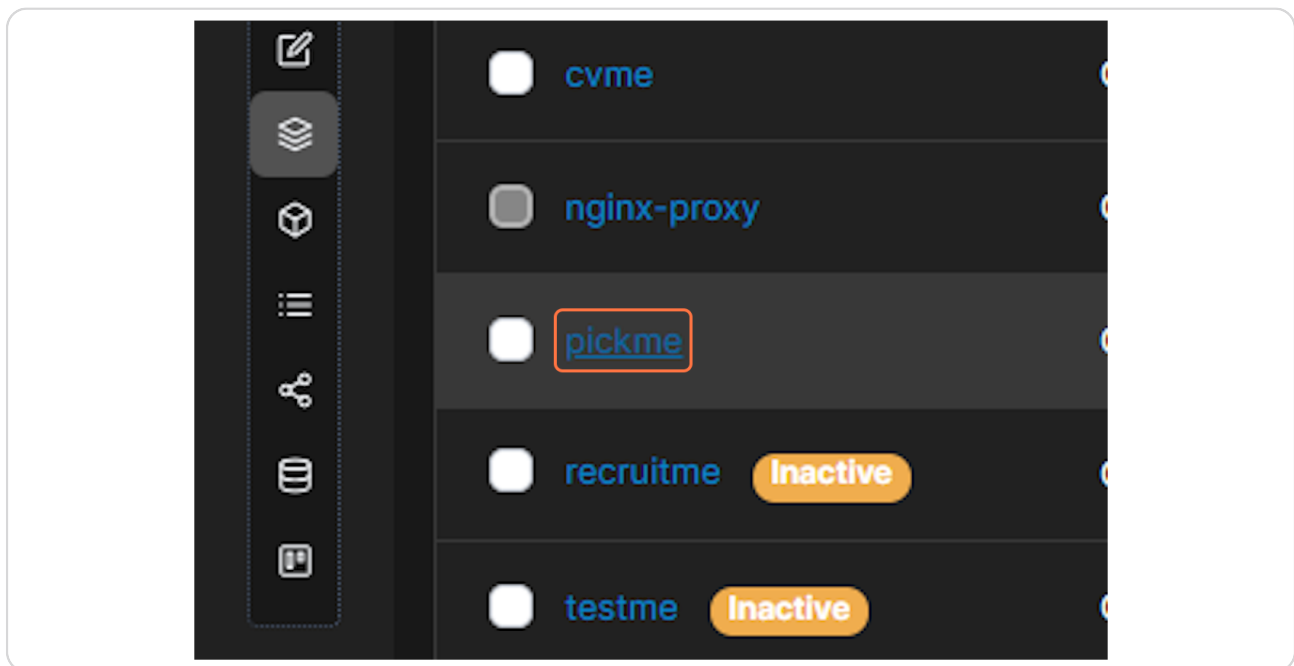

STEP 6

Kemudian pada sidebar, pilih menu Stacks

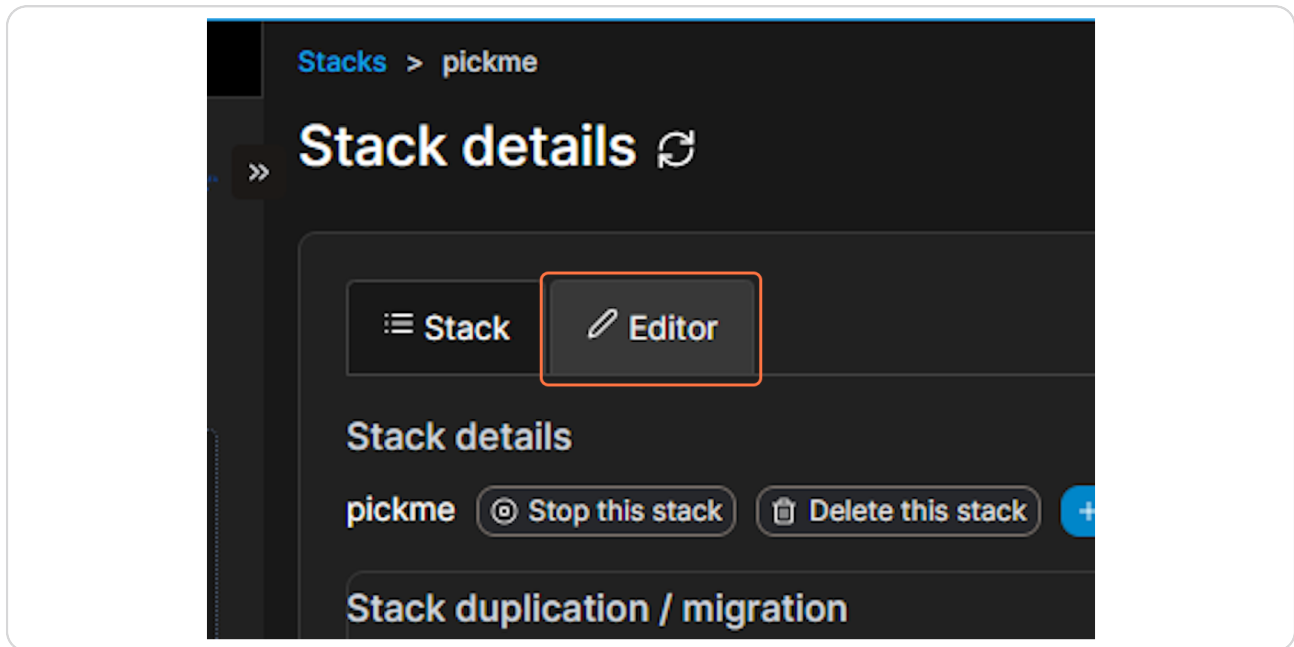

STEP 7

Klik pickme

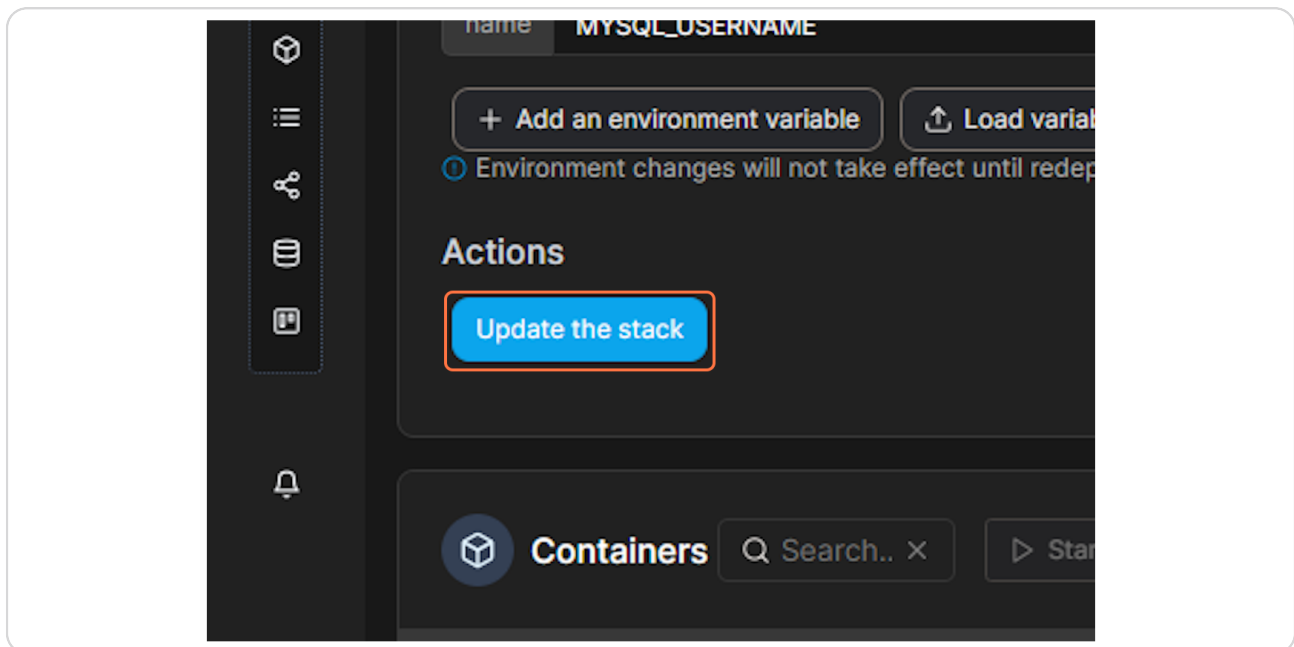

STEP 8

Klik editor dan pastikan apabila nama image sudah sesuai

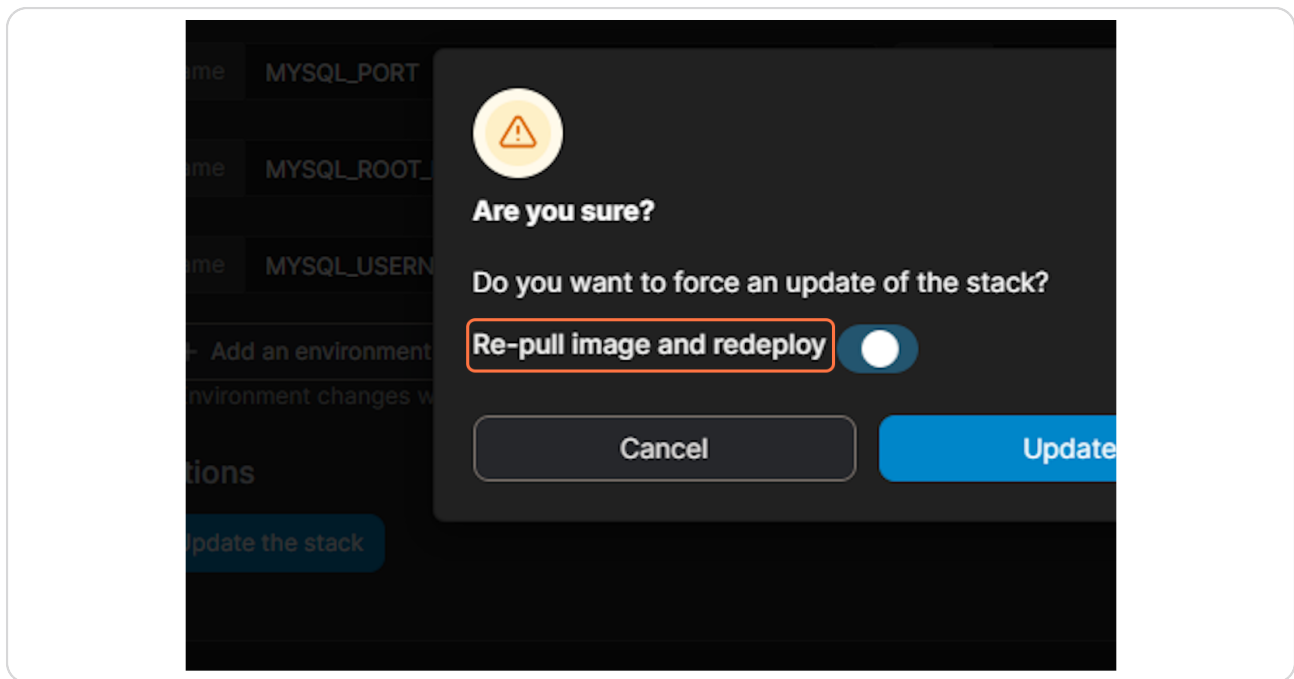

STEP 9

Setelah dirasa sudah sesuai perubahan pada editornya, tekan tombol Update the stack

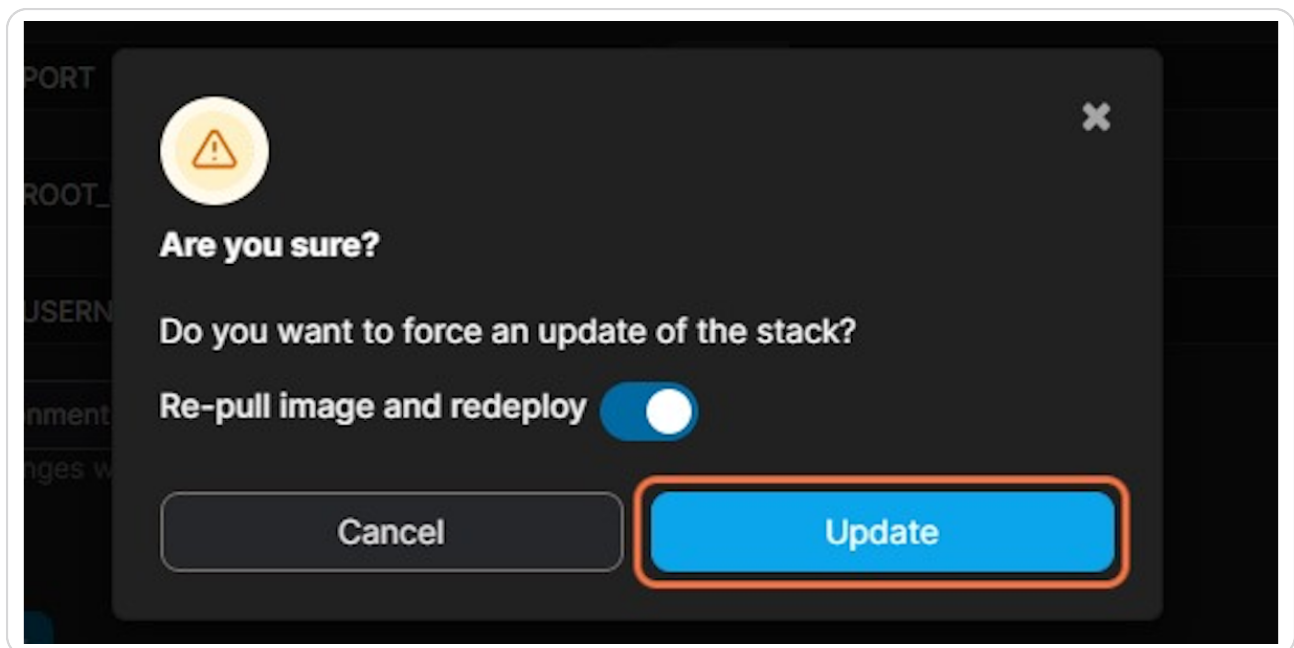

STEP 10

Aktifkan Re-pull image and redeploy

STEP 11

Lalu tekan tombol update dan tunggu hingga proses selesai.
